NEWSLETTER January 2010

Hi Every one

Happy new year, I hope you all had a wonderful time over Christmas with family and friends and that the new year celebrations were enjoyed by all.

A new year means a new term along with fantastic new ideas for classes and some great specials in January to start off with.

A very exciting start for me will be the release of more stamp designs under my own label. The art work for 2 designs is finished and I am working on more now, so keep your eyes peeled for the February launch. If you love butterflies and 3D, look on the timetable for my class 'Butterfly Magic' which showcases the butterfly design I released late last year.

I hope that 2010 proves to be a most exciting and rewarding year for everyone.

Cathy

Memento Dye ink - quick dry on most papers and fade proof.
Stazon Permanent ink - spirit based - great for non porous surfaces i.e. gloss card, glass & plastic.
Versacolor Pigment ink - slow dry for embossing or ink will dry on porous paper (test paper).
Versamagic Pigment ink, flat matt colour, can emboss (be quick) but will dry quickly on most card stock.
